Faster and Easier

Up to 90% less time

Economies of scale through standardisation

7,500 Tesco branches achieve economies of scale by adopting just one standard process.
7,500 GP Practices can now achieve the same saving with zero effort.

The Practice Management Channel

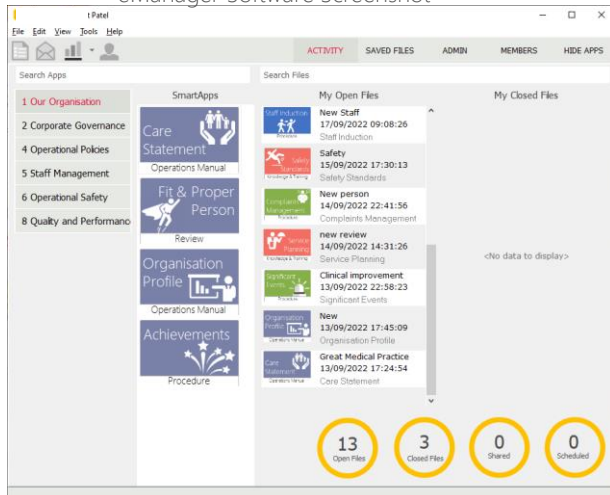

Channels

Similar to TV channels, each Channel has it's own specialised collection of Apps for processes, procedures, risk management or data collection.

Funding Avenues

1. Practices can purchase individually
2. PCNs can utilise Development Funds
3. PCNs & Groups qualify for discounts
